Supersedes AFI 11-202, Volume 3/5 AFSUP 1, 27
January 2000

Certified by: 605 AOG/CC (Col R. D. Harvey)
Pages: 2
Distribution: F

This supplement provides additional guidance to Air Force Instruction (AFI) 11-202, Volume 3, *General Flight Rules*, and applies to Fifth Air Force (5 AF) units and assigned aircrews. When decision rules, restrictions and provisions indicated in this supplement are less restrictive than applicable aircraft flight, training and evaluation directives, the more restrictive directives apply.

SUMMARY OF REVISIONS

Deletes 5 AF Form 3, **Local Flight Clearance-Flight Order**, as higher headquarters (HHQ) directives specifically address acceptable flight authorization forms. Updates functional names and office symbols and aligns paragraph numbering with updated parent AFI and Major Command (MAJCOM) supplements. Added preflight requirements to remind aircrews to receive and/or provide weapons range and local area briefings prior to use. A bar() indicates revision from the previous edition.

AFI 11-202, Volume 3, 16 February 2005, is supplemented as follows:

- 1.2.2.2. Include 605th Air Operations Group Commander (605 AOG/CC) on specific distribution of subordinate unit supplements.
- 2.1.1.3. Subordinate units will forward suggested flight information publication (FLIP) changes regarding operations in Japan to the 605 AOG/CC.
- 2.1.1.13 (Added) Comply with AFI 13-212, Volume 1, *Range Planning and Operations*, and United States Forces, Japan Instruction (USFJI) 11-102, *Flight Operations in Japan*, to ensure appropriate briefings are received prior to using non-United States Air Force (USAF) or non-familiar weapons ranges and to ensure all guest users receive appropriate local area and range briefings prior to use of USAF controlled weapons ranges or airfields for training.
- 4.3.1.3 (Added) To comply with the Status of Forces Agreement (SOFA), inform 605 AOG Aviation Affairs (605 AOG/CCA) as soon as possible of:

4.3.1.3.1 (Added) All planned use or knowledge of planned use of a civil airfield in Japan for United States military flight training.

4.3.1.3.2 (Added) Any adverse reaction by Japan civil authorities or local populace due to planned or actual use of Japan civil airfields.

8.3.1.1.4. Subordinate units will send those non-Department of Defense (DoD)/National Geospatial-Intelligence Agency (NGA)/Federal Aviation Administration (FAA) FLIP approach procedures needed for operational use in Japan to 605 AOG/CCA.

THOMAS C. WASKOW, Lieutenant General, USAF
Commander
